

Lockout Training & Awareness Aids

BradyID.com/lockouttagout

OSHA Training Requirements:

- Those who will perform servicing or maintenance (authorized employees) must be trained to:
 - Recognize hazardous energy sources and understand the energy type and magnitude
 - Identify and properly operate the applicable energy-isolating devices
 - Safely apply and remove Lockout Tagout devices
- Those who operate the machinery or work in the area where LOTO is performed (affected employees) must be trained to:
 - Recognize when Lockout Tagout activities are in progress
 - Understand the purpose of the energy control program and the importance of not tampering with Lockout Tagout devices when encountered in the workplace
- Additional training is required when using tagout instead of lockout. See Section (C)(7)(ii) in the 1910.147 standard.
- Employers must document when training took place, who attended, and the topics covered.
- Employees must be retrained under the following situations:
 - Employee assigned to new job
 - Change made to energy control policies or procedures
 - Machinery installed or modified, presenting a new hazard
 - Whenever the employer has reason to believe that there are problems with the employee's understanding or use of the procedures
- Authorized employees must undergo an annual review to ensure they fully understand their responsibilities under the program
